

Tool Box Meeting Machine Guarding

The photo above shows a belt, chain, and gear that are not protected with a guard or other safety device. A worker could get his clothing or a body part caught in this moving equipment and be injured or killed. Review this photo with your crew and discuss the hazards noted. In the section below, list the hazards and the controls that may help reduce or eliminate them.

Complete your company information at the bottom of this page and have your crew sign-in on page 2. Additional safety rules and regulations can be found in 29 CFR 1926.
